

**Automatic Griller (tabletop)
KSE-GL40T**

Still grilling using charcoals and hand?

Try our Automatic Griller today.

Automatic Griller automatically grills your satay or yakitori to perfection in just one round.

Description

We use ceramic heaters that reach temperatures of 650°C, with 3 grilling speed of slow, medium or fast. Automatic Griller will finish the grilling in just 1 round.

Moreover our Easy Grippers allow users to easily remove the grippers for washing and maintenance without any tools!

How it works

Features

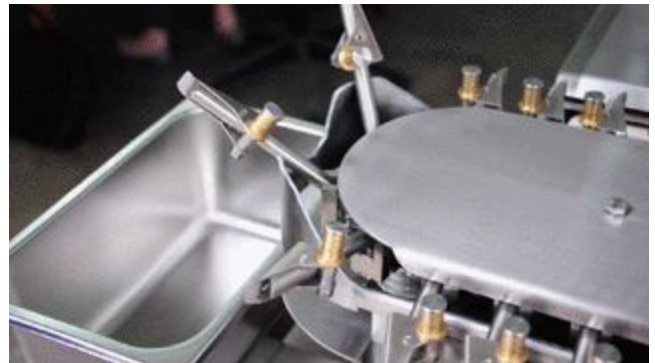

100% grilled in just one round

Our Automatic Griller reaches up to 650°C and has 3 grilling speed allowing it to completely grill your satay or yakitori in just 1 round.

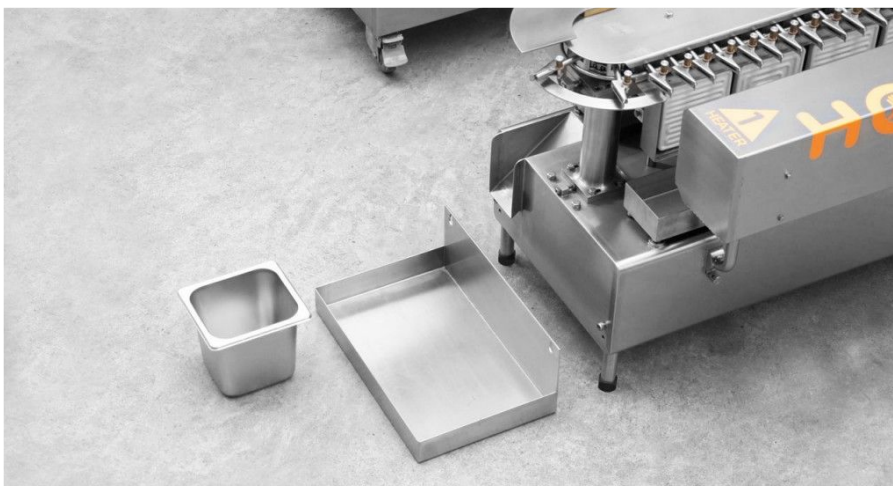

Easy Grippers

Our Easy Grippers allow users to remove and put back without any tools. Making cleaning and maintenance as easy as 123.

Cleaning and maintenance

Everything that needs washing can be easily remove and put back, giving the users a much easier time.
